# MAMA BE CLEAN: SAFETY DATA SHEET (SDS)

**Product Name:** AirPure Odor Eliminator Spray

**Revision Date:** February 2026

**Manufacturer:** Mama Be Clean LLC

**Address:** 21 Bristol Ave, Rochester, NY 14617 USA

**Emergency Contact:** Poison Control Center (1-800-222-1222) or local emergency services.

---

## SECTION 1 — Identification

- **Recommended Use:** Professional room and fabric odor eliminator
- **Restrictions on Use:** Use only as directed on product labels.

---

## SECTION 2 — Hazard Identification

**GHS Classification:** Eye Irritation — Category 2

**Signal Word:** Warning

**Hazard Statement:**

H319 — Causes serious eye irritation.

**Precautionary Statements:**

- Wash hands thoroughly after handling.
- Avoid contact with eyes.
- Wear eye protection if handling large quantities.

**First Aid Response:**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Seek medical advice if irritation persists.

---

**SECTION 3 — Composition / Information on Ingredients**

Ingredient	CAS Number	Approx. %
<b>Glycol Ether Solvent (Diethylene Glycol Monobutyl Ether)</b>	112-34-5	>50%
<b>Proprietary Fragrance Blend</b>	Proprietary	<5%
<b>Water and Inert Ingredients</b>	Proprietary	Balance

**SECTION 4 — First Aid Measures**

- **Eye Contact:** Rinse cautiously with water for several minutes. Seek medical advice if irritation persists.
- **Skin Contact:** Wash with soap and water. Remove contaminated clothing.
- **Inhalation:** Move to fresh air if irritation occurs.
- **Ingestion:** Rinse mouth and contact Poison Control or a physician if discomfort occurs.

---

## **SECTION 5 — Fire-Fighting Measures**

- Product is not considered highly flammable.
- Use extinguishing media appropriate for surrounding materials.
- Irritating fumes may form during combustion.

---

## **SECTION 6 — Accidental Release Measures**

- Absorb spills using inert absorbent material such as sand or cloth and dispose according to local regulations. Prevent release into drains or waterways.

---

## **SECTION 7 — Handling and Storage**

- Handle with care. Avoid contact with eyes.
- Store tightly closed in a cool, dry, well-ventilated area away from direct sunlight and ignition sources.

---

## **SECTION 8 — Exposure Controls / Personal Protection**

- No special PPE required under normal use conditions.
- For bulk handling, protective gloves and eye protection are recommended.

---

## **SECTION 9 — Physical and Chemical Properties**

- **Appearance:** Clear liquid
- **Odor:** Characteristic fragrance
- **pH:** Neutral to mildly alkaline (approx. 7–8)
- **Flash Point:** >200°F
- **Specific Gravity:** 0.98–0.99
- **Solubility:** Water soluble

---

## **SECTION 10 — Stability and Reactivity**

- Stable under normal storage and use conditions.
- Avoid extreme temperatures, ignition sources, and contamination.

---

## **SECTION 11 — Toxicological Information**

- May cause eye irritation.
- Prolonged or repeated skin exposure may cause mild irritation in sensitive individuals.

---

## **SECTION 12 — Ecological Information**

- Environmental effects have not been fully evaluated. Avoid uncontrolled environmental release.

---

## **SECTION 13 — Disposal Considerations**

- Dispose of contents/container in accordance with local, regional, and national regulations. Waste can generally be disposed of via sanitary sewer when diluted with water.

---

## **SECTION 14 — Transport Information**

- Not regulated as hazardous material for transportation.

---

## **SECTION 15 — Regulatory Information**

- This product contains a Glycol Ether category chemical subject to the reporting requirements of SARA Title III, Section 313.

---

## **SECTION 16 — Other Information**

- Information is based on supplier safety documentation and current regulatory guidance. This product is intended for professional and consumer cleaning applications when used as directed.
